Notice to the Oslo Stock Exchange

VIS – Visma Software ASA acquires the operation of Webcenter Unique ASA

Visma has entered into an agreement with the board of Webcenter Unique to acquire the total operation of Webcenter Unique, including operational assets, intellectual property rights and some operational liabilities. Webcenter Unique is the leading provider of software applications to Norwegian municipalities and local authorities, with installed software to more than 280 of the 433 municipalities. Webcenter Unique is also the leading provider of corporate portals in the Norwegian market.

Visma acquires all the operational assets in Webcenter Unique, leaving only the cash and cash equivalents behind. The estimated total purchase price is NOK 123,529,000 of which goodwill constitutes NOK 110 million. The total consideration will be payable in cash at closing, based on the balance sheet per June 30th 2003.

In the Visma Group, Webcenter Unique will continue as an independent organization with special responsibility for product development and marketing to the public sector. Visma sees the public sector, both in Norway as well as the rest of the Nordic region, as an interesting growth area.

The transaction is subject to approval from the extraordinary general meeting in Webcenter Unique, which will take place on the 10th of September 2003. For further information about Webcenter Unique, pls. see www.webcenter.no.
